How it works.

Launching your asset

Application Submission

You fill out the attached application form and send it to the team

1

2

Feasibility

The Investments Team will conduct a feasibility analysis on your property to determine its suitability for the Yelders platform

Verification

If your asset passes feasibility, we will then require you to provide evidence of the asset's historic performance (valuations, leases, rentals etc.)

3

4

Investment Committee Review

Once all verification documents have been received, your comprehensive application will be assessed by our expert Investment Committee (IC)

Offer Negotiated

Subject to IC approval, Yelders will negotiate a final, fair price for your property
